A SALUTE TO AMERICAN LABOR

To workers everywhere, “Thank You”
for your dedication to free enterprise.

The first Labor Day was held in 1882. In 1894,
Congress designated the first Monday in
September as a National Holiday to honor the
laborer for contributions in developing a strong
free enterprise system...the basic economic
foundation upon which this country is built.

Enjoy yourselves this Labor Day on your family
picnics and outings. Here's hoping you and yours
have the best Labor Day ever and prosperity to
American workers from coast to coast!

To solve a Sudoku Puzzle, place a number into each box so that each row across, each column down, and each small square within the larger diagram (there are 9 of these) will contain every number from 1 through 9.

In other words, no number will appear more than once in any row, column, or smaller square. Working with the numbers already given as a guide, complete each diagram with the missing numbers that will lead to the correct solution
